

*The Winery of
Good Hope*

THE JOURNEY

The Winery of Good Hope is built around three principles: sustainability, ethics and responsibility, embodied in its philosophy, "Drink Well. Do Good." Based in Stellenbosch and crafted by the same dedicated team as *Radford Dale*, the range combines thoughtful winemaking with a strong commitment to people and planet.

Based in Stellenbosch in the Cape of Good Hope, it is more than a winery - it represents an alternative way of thinking, being and doing. The Winery of Good Hope also supports the *Land of Hope Educational Trust*, established in 2007 to create educational opportunities and now chaired by Cathy van Zyl MW, Africa's first Master of Wine. It gives "Good Hope" a purpose that extends beyond the wines - investing in people, opportunity and the future.
